

Paradox of Humane Warfare © Xen.

First, it is my knowledge that human control over life and death is myth. It is used very profitably by humanity to control and exploit the living and dead. For example, just ask any person who has lost a loved one to the US medical cartel that made outrageous promises of hope they could not deliver. While those white-coated ‘gods & goddesses’ might think they are ‘gods’ none are more than white coated salespeople for big medicine, Pharma and the FDA: Federal Death Administration. However, all die in their time, per each person’s destiny over which is beyond humate capacity to understand and totally out of the taxon’s control. Suicide? Only if it is one’s time to die will suicide succeed otherwise it becomes another mounting statistic of failed, attempts at leaving without owner permission. Most of it is a cry for attention to an injustice by the suffering – i.e. the US veteran and military suicide epidemic screaming that Dept of Veterans Affairs is failing at its job, which woefully understates the matter. So, humane warfare, yes? A quick merciful death is preferable over one of great physical pain and suffering. The Nazi death camps are an example. Thinking that one is going for a bath and meal when entering lethal gas chambers only to face an almost instantaneous, painless body death from cyanide gas is humane in contrast to being shot, wounded, and then dying slowly lying in a mass grave with purtrifying dead and dying whether uncovered or buried alive. Worse, scenarios were possible, such as the inhuman experiments on live humans in Nazi laboratories that tortured and killed prisoner lab monkeys from vivisection, exposure experiments while absent general anesthesia ad infinitum. ***WW2 did not end the Nazis; the cult immigrated to USA and set up corporations like the VA and BIA to continue their evil agendas.*** What is the point of a brutal and suffering send off? To them it was sadistic mistreatment to learn of human body limits and pain endurance, so they claimed. Cruel sadism is what cruel sadism does. In an odd, perverted way, the Nazis killed using both humane and inhumane methods during its genocidal war, though humane treatment was inadvertent in pursuing expediency and efficiency as the true motives of quick human disposal. Given a choice, I will take the gas chamber. The true suffering was to the living prisoners forced to unload chambers of corpses onto disposal conveyors to cremation kilns and mass burial earthen pits. Moreover, the worst and longest human genocide did not occur in WW2 Germany, Russia, China, Vietnam. It happened right here in the ‘white hat, silver star wearing ‘good guy’’ phony Amerika. Yep, 500 years of genocide carried out by black and white fine Christian Americans exterminated Native American races and the buffalo to brink of extinction. By 1900 over 98% of Native Americans here when Columbus arrived were forever wiped from the face of this planet. 180-220 million innocent men, women and babies butchered. US soil ran red with the red nation’s bloodshed. US, German, Russian, Chinese and Vietnamese killing fields show us what the lowest of earths animals - the homo Sapiens race - is capable of doing to its kind and other

coexistent life here. Atomic bombing experiment of Nagasaki and Hiroshima, murdering entire unarmed, non-military cities of men, women and babies, in a false flag act of war, shows very clearly what is at stake for humanity. Albert Einstein brought that Promethean curse of nuclear war to the world. Humanity insanity worshiped and called him a ‘god.’

The Girl Child

“I come and stand at every door
But none can hear my silent tread
I knock and yet remain unseen
For I am dead, for I am dead

I’m only seven though I died
In Hiroshima long ago
[My sister died in Nagasaki]
I’m seven now as I was then
When children die they do not grow

My hair was scorched by swirling flame
My eyes grew dim my eyes grew blind
Death came and turned my bones to dust
And that was scattered by the wind

I need no fruit I need no rice
I need no sweets nor even bread
I ask for nothing for myself
For I am dead, for I am dead

All that I need is that for peace

You fight today you fight today
So that the children of this world
Can live and grow and laugh and play?
For I am dead, for I am dead –
Hell is for children.

“The Girl Child” ~ Nazim Hitmet –

Americans live in a fantasy about military and WAR! Their myopic, narrow idealism are archaic to before the 19th century! The Neo-war age is now psychological and biological warfare. Of mind and microbe. Evidenced today by Covid; Americans move as blood spooked herds fearful of an invisible, undetectable danger lurking everywhere! A virus, against which they wear useless anti-microbial masks in self-defense, obsessed by sanitation, evading each other, and worse! If the Homo Sapiens race does not evolve out of the current anal-retentive, evolutionary stage of We-Are-Right and promptly, it will self-extinct the taxon back to 1 million BC for another try at re-evolving, again, taking all of its born and unborn children, grand and great grand kids with it. Want proof? The US ‘Native American’ and Nazi Germany ‘Jewish’ Holocausts and final solutions reset the clock on humanity 50,000 years into the past! *Aforewritten atrocities are clear evidence of what the human animal is capable of doing to its kind; Hiroshima and Nagasaki atomic bombing of civilian cities – innocent men, women and babies, clearly shows what is at stake for humanity: self-extinction in Toto.* America worships Einstein as father of nuclear war. America experimentally used those doomsday weapons on unarmed, non-military civilian targets, crippling and killing innocent men, women, children, babies and their descendants for decades to come declaring it an act of war before Japan could get to peace tables. Human animal experiments... Something to be proud of America...humans, dogs and cats never had a chance in this circus.
